

# ON MAY 12

## MAKE BIG BANKS AND MILLIONAIRES PAY

The city has a \$3.2 billion surplus but Mayor Bloomberg wants to lay off thousands of teachers and cut child care slots.

On May 12, UFT members will join thousands of others from scores of community groups and unions to demand a budget that isn't balanced on the backs of working and poor people.

It was Wall Street that crashed our economy – not teachers or other public servants – but it was Main Street that bailed them out and paid the price. Now they are making record profits and bonuses but refusing to do their fair share to help our city, state and nation.

**Tell Bloomberg **NO CUTS!** Make them pay their fair share!**

**4 p.m. Assemble at City Hall**

**March to Wall Street!**
